Purpose

The Joint Operating Committee welcomes the public at activities and events sponsored by the center, but the Joint Operating Committee also acknowledges its duty to maintain order and preserve center facilities and health and safety during such events. This policy establishes conditions, restrictions and procedures to regulate public attendance and conduct at the center and center-sponsored activities.

Definition

State law defines the term tobacco product to broadly encompass not only tobacco but also vaping products including the product marketed as Juul and other electronic cigarettes (e-cigarettes). Tobacco products, for purposes of this policy and in accordance with law, shall be defined to include the following:

1. Any product containing, made or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed or ingested by any other means, including, but not limited to, a cigarette, cigar, little cigar, chewing tobacco, pipe tobacco, snuff and snus.
2. Any electronic device that delivers nicotine or another substance to a person inhaling from the device, including, but not limited to, electronic nicotine delivery systems, an electronic cigarette, a cigar, a pipe and a hookah.
3. Any product containing, made or derived from either:
 - a. Tobacco, whether in its natural or synthetic form; or
 - b. Nicotine, whether in its natural or synthetic form, which is regulated by the United States Food and Drug Administration as a deemed tobacco product.
4. Any component, part or accessory of the product or electric device listed in this definition, whether or not sold separately.

904. PUBLIC ATTENDANCE AT CENTER EVENTS

The term tobacco product does not include the following:

1. A product that has been approved by the United States Food and Drug Administration for sale as a tobacco cessation product or for other therapeutic purposes where the product is marketed and sold solely for such approved purpose, as long as the product is not inhaled.
2. A device, included under the definition of tobacco product above, if sold by a dispensary licensed in compliance with the Medical Marijuana Act. *Federal law requires the center to maintain a drug-free environment, at which marijuana of any kind is prohibited.*

Authority

The Joint Operating Committee has the authority to prohibit at a center event the attendance of any individual whose conduct may constitute a disruption. The Administrative Director or designee and building administrator may limit attendance to designated areas or may limit the number of attendees to center events when necessary to protect the health and safety of students, staff and the public, in accordance with Joint Operating Committee-approved health and safety plans and guidance from state and local officials.

The Joint Operating Committee prohibits gambling and the possession and use of controlled substances prohibited by state or federal law, alcoholic beverages and weapons on center premises.

Attendees shall be informed of the center's health and safety rules through announcements and posting of appropriate signage. Health and safety rules must be followed prior to entry and while attendees are in center buildings and on center property, in accordance with Joint Operating Committee policy, center procedures, the Joint Operating Committee-approved health and safety plans and guidance from state and local officials.

Tobacco and Vaping Products

The Joint Operating Committee prohibits use of tobacco and vaping products, including the product marketed as Juul and other e-cigarettes, by any persons at any time in a center building; on school buses or other vehicles that are owned, leased or controlled by the center; or on property owned, leased or controlled by the center.

This policy does not prohibit possession of tobacco and vaping products, including the product marketed as Juul and other e-cigarettes, by members of the public of legal age at the center or center-sponsored activities.

904. PUBLIC ATTENDANCE AT CENTER EVENTS

The Joint Operating Committee deems it to be a violation of this policy for an individual in attendance at the center or a center-sponsored activity to furnish a tobacco or vaping product, including the product marketed as Juul or any other e-cigarette, to a minor.
